

Optimize Shared BLC Optin Page:

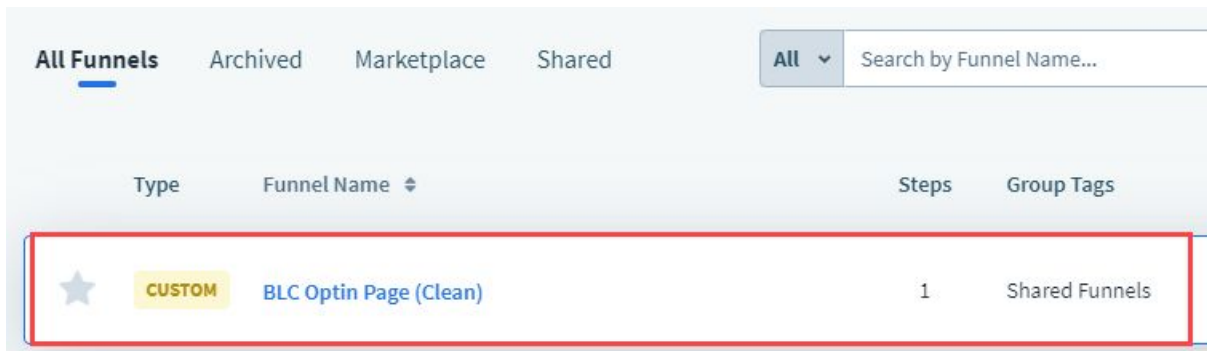

1. Integrate GetResponse list to BLC Optin Page. Log into Clickfunnels: https://app.clickfunnels.com/users/sign_in

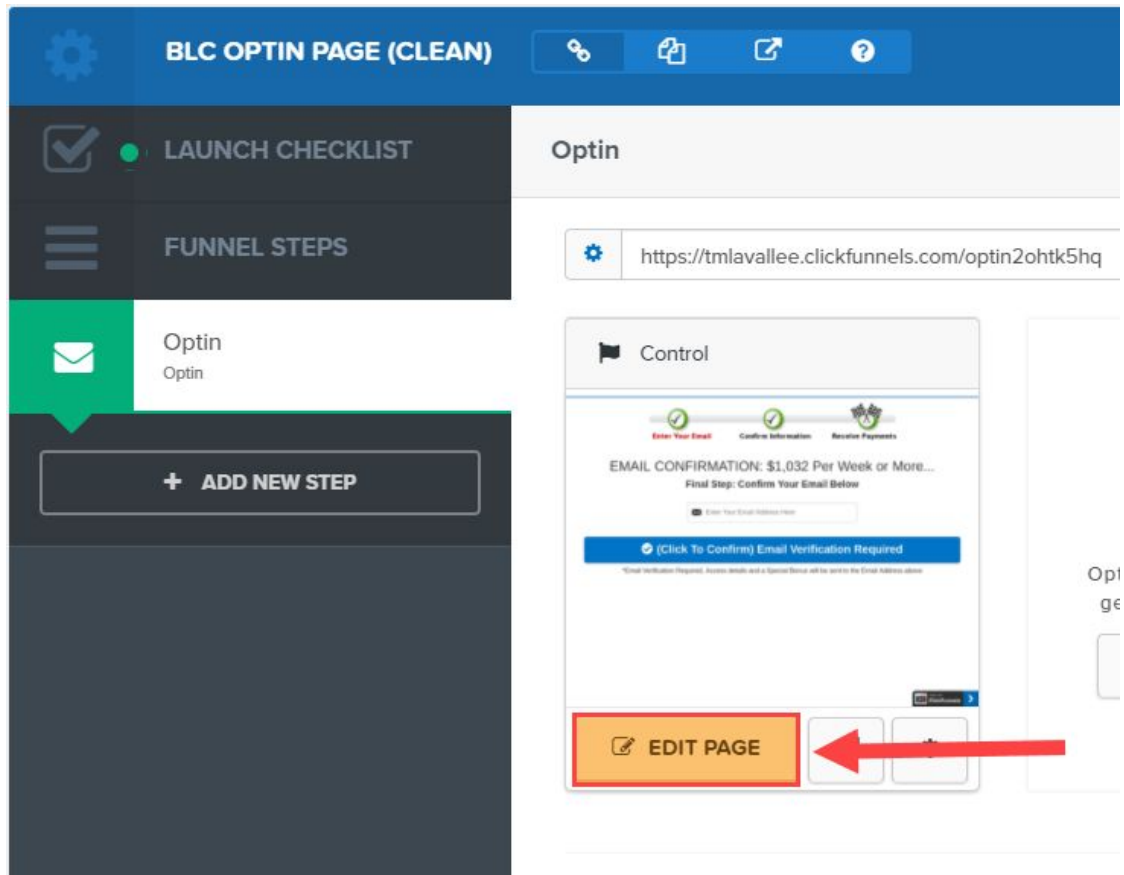

a. At the top middle of your screen click on “Click Funnels” then select “Funnels”

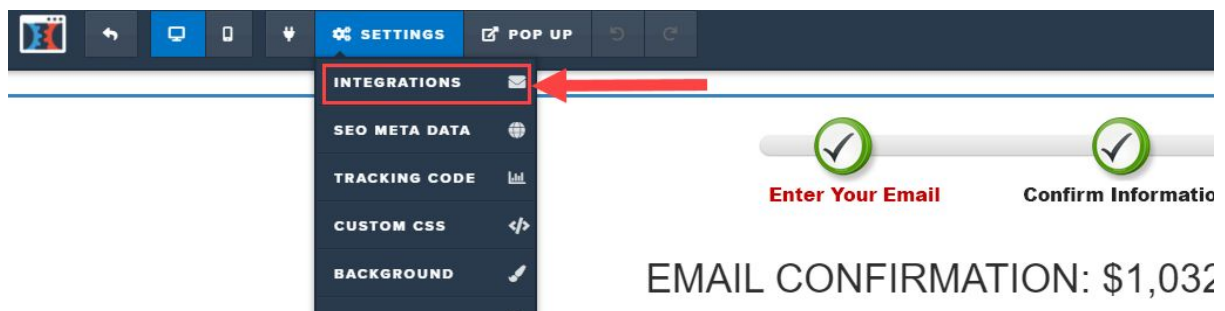

b. Open the funnel labeled **BLC Optin Page (Clean)**.

c. Next, click on the yellow **“EDIT PAGE”** button.

d. In the Editor, at the top left, click on **“SETTINGS”** then select **“INTEGRATIONS”**.

- e. On the far right side, the **EMAIL INTEGRATION SETTINGS** will open up.
- For INTEGRATION - Select Getresponse
 - For ACTION - Select Add To Campaign
 - For LIST TO ADD - Select your BLC optin list that you created in GetResponse.

2. Add your Sales Page tracking link to General Settings

- a. To find your Sales page, log into the Affiliate Dashboard

<https://ma239.infusionsoft.app/app/authentication/login>

- b. On the left hand side menu, click on Link Generator.

Referral Partner Home

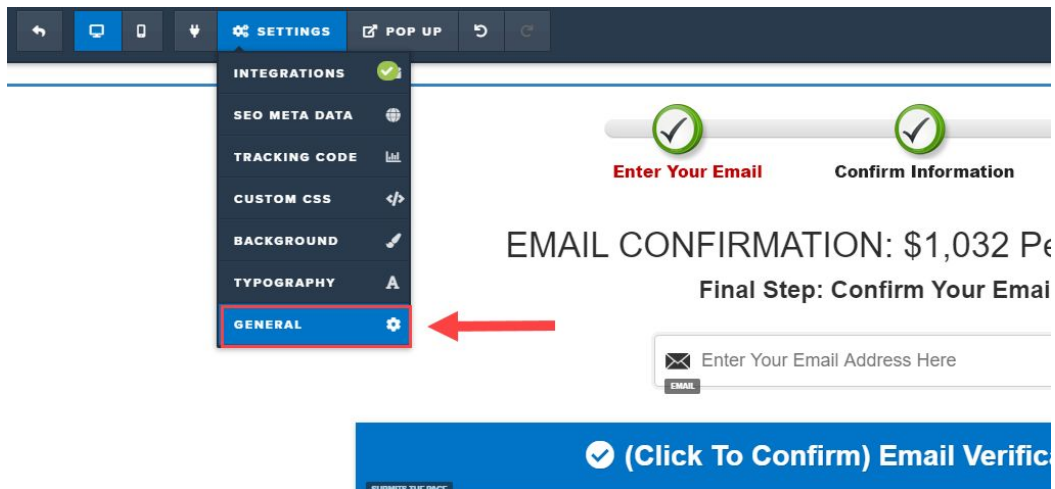

- c. Locate **(FA72P) Fullstaq \$97 VSL - Email Traffic** (This is the video sales letter (VSL) that people will receive and make the decision to purchase from)

Fullstaq \$97 FA72P <http://go.freelancedigitalpath>
VSL - Email
Traffic

- d. The column titled My Tracking Link will be the link you will use as it has your unique affiliate number at the end of the url. The link will look like this:

Fullstaq \$97 FA72P <http://go.freelancedigitalpath> <https://ma239.isrefer.com/go/FA72P>

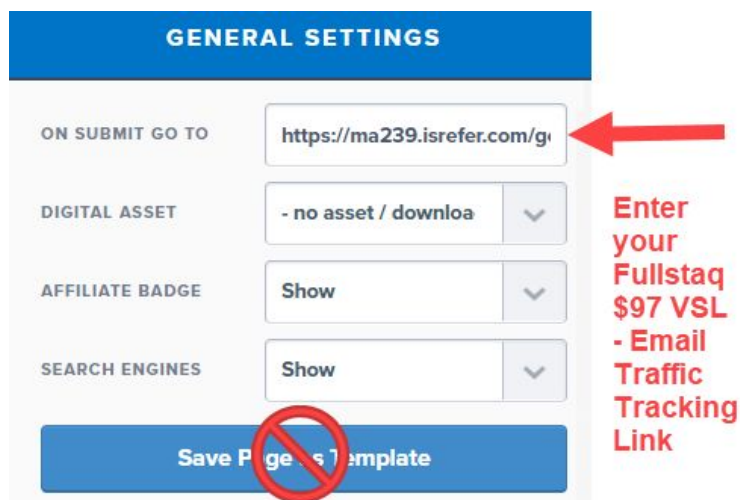

- e. Back in ClickFunnels, in the Editor, at the top left, click on “**SETTINGS**” then select “**GENERAL**”.

- f. On the far right side, the **GENERAL SETTINGS** will open up.
- For “**ON SUBMIT GO TO**” - Paste your Fullstaq \$97 VSL - Email Traffic tracking link (FA72P)
 - Leave the rest of the general settings blank.

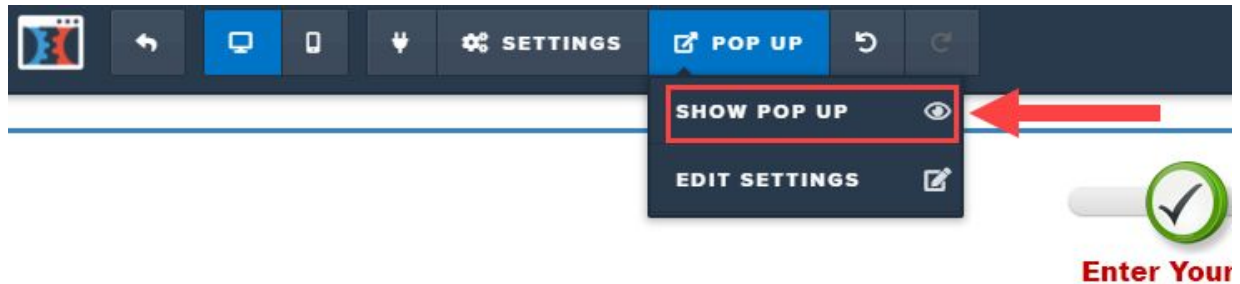

DO NOT click the “Save page as a Template” button.

- Click anywhere outside of the general settings and then click “**SAVE**” at the top right.

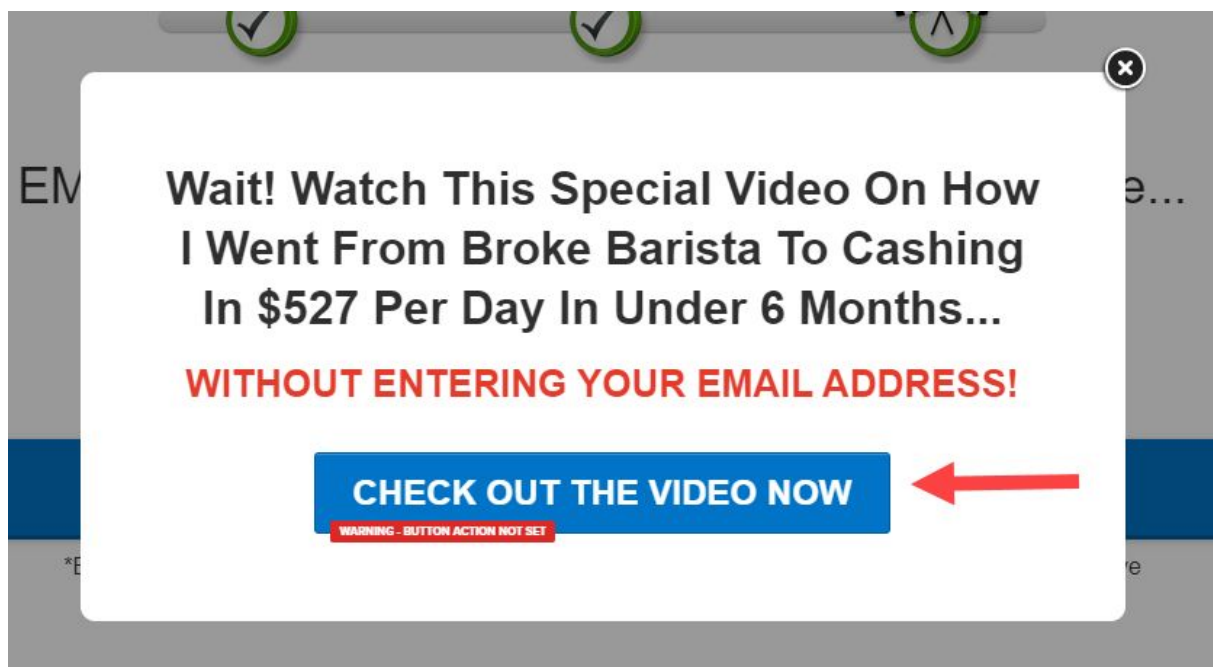

3. Add your Sales Page tracking link to the pop up.

- a. In the Editor, at the top left, click on **"POP UP"** then select **"SHOW POP UP"**.

EMAIL CONF

- b. On the POP UP, simply click the blue **"CHECK OUT THE VIDEO NOW"** button to open the **"BUTTON"** editor.

- i. On the BUTTON editor, click the green “**SET ACTION**” button.
- ii. Next, make sure “**GO TO WEBSITE URL**” is selected and paste in your (FA72P) Fullstaq \$97 VSL - Email Traffic tracking link. (make sure to remove the “#” if there is one in the empty field)
