

Create Autoresponder in GetResponse:

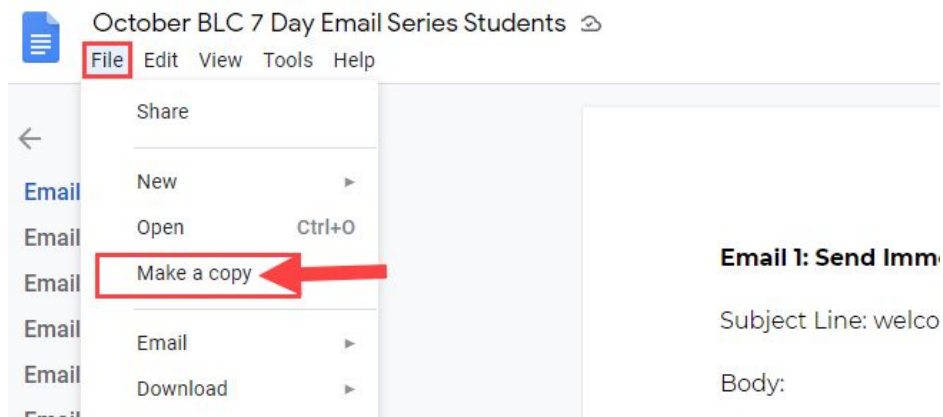

1. Download Email Swipe file.

- Log into **Affiliate dashboard**.
<https://ma239.infusionsoft.app/app/authentication/login>
- Click on “**Resources Pages**”.
- Click the “**Go to Resource**” button for the “**BLC 7 Day Email Swipe**”.

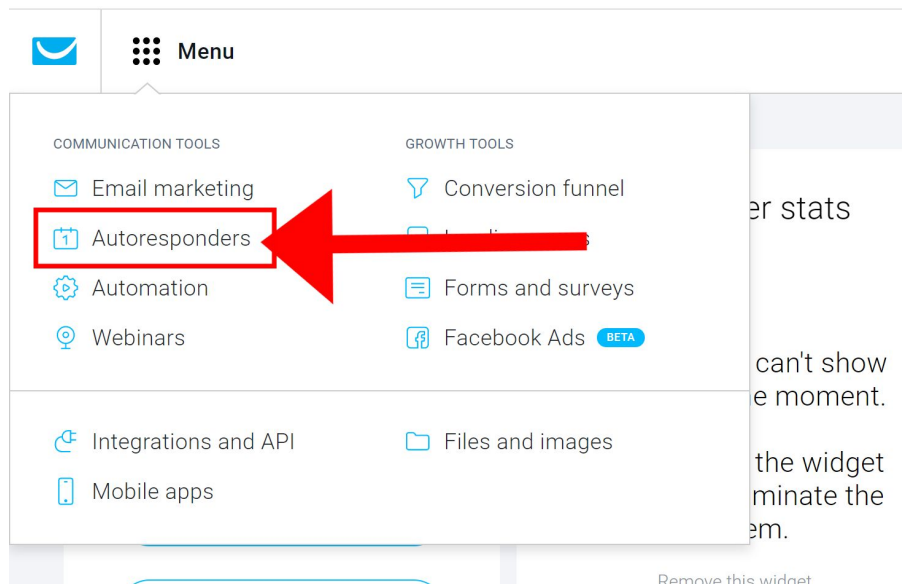

- d. On the Google Doc, click on **“File”** and then select **“Make a copy”**. Then save the copy to YOUR Google Drive Folder.

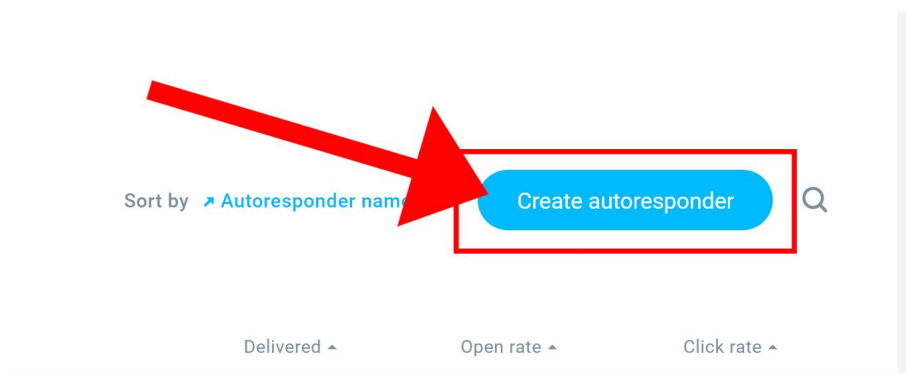

2. Creating autoresponder emails for the optin list.

- a. Log into GetResponse:
<https://app.getresponse.com/login>
- b. At the top left of the screen click “**Menu**” and then select “**Autoresponders**”.

- c. Next, at the far right click on the blue “**Create Autoresponder**” button. Leave the editor open for now.

- d. On YOUR copy of the email swipe,
- Copy the title of the first email and paste it into the Name section (replace “**Untitled Autorepsonder**”) of the autoresponder in GetResponse.
 - Select your BLC optin list as the “**Linked list**”

Email 1: Send Immediately

Subject Line: welcome

Body:

Untitled autorepsonder

22/100 characters. The name will appear on the subject line of your messages. Only you will see it.

e. Next, in the Design and content section click on the **“Design message”**.

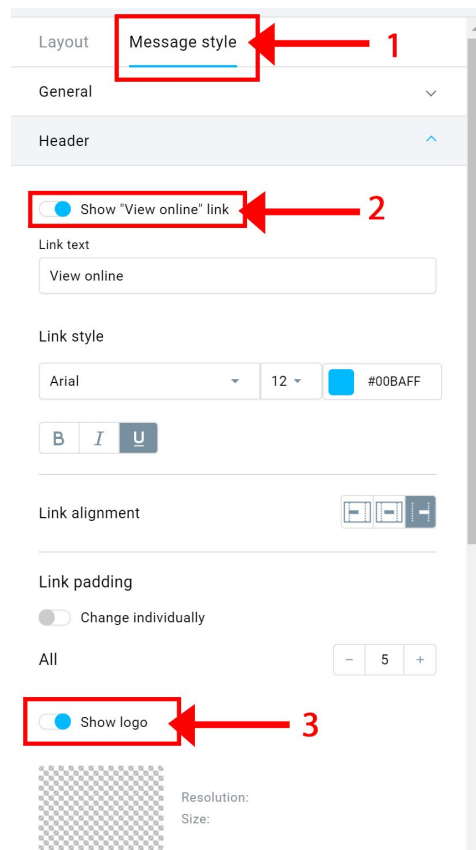

f. From the middle of the screen, select **“Blank templates”**.

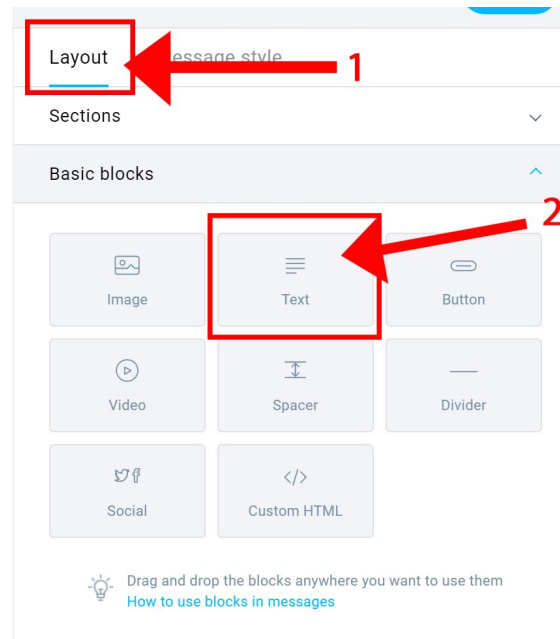

- g. On the next page choose “**Blank Template**”. This will take you to the Editor.

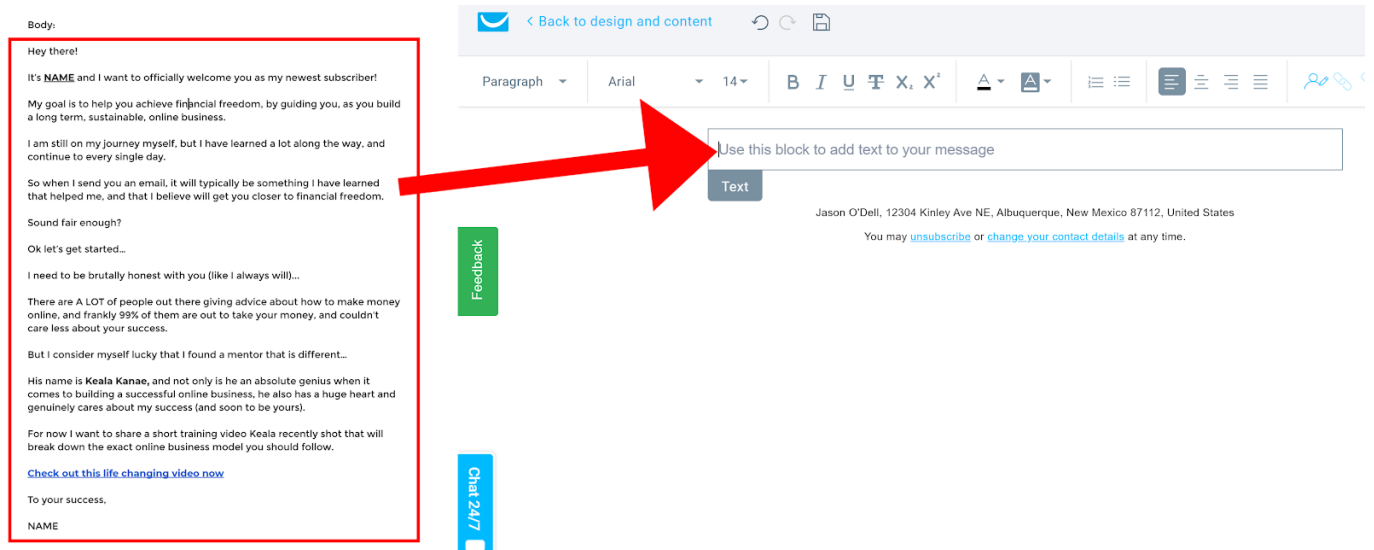

- h. In the Editor, at the far right, click on “**Message style**” and turn off the “**View Online link**” and the “**Show logo**”.

- i. Click on “**Layout**” and then select a text block by clicking and hold down, then drag and drop into editor.

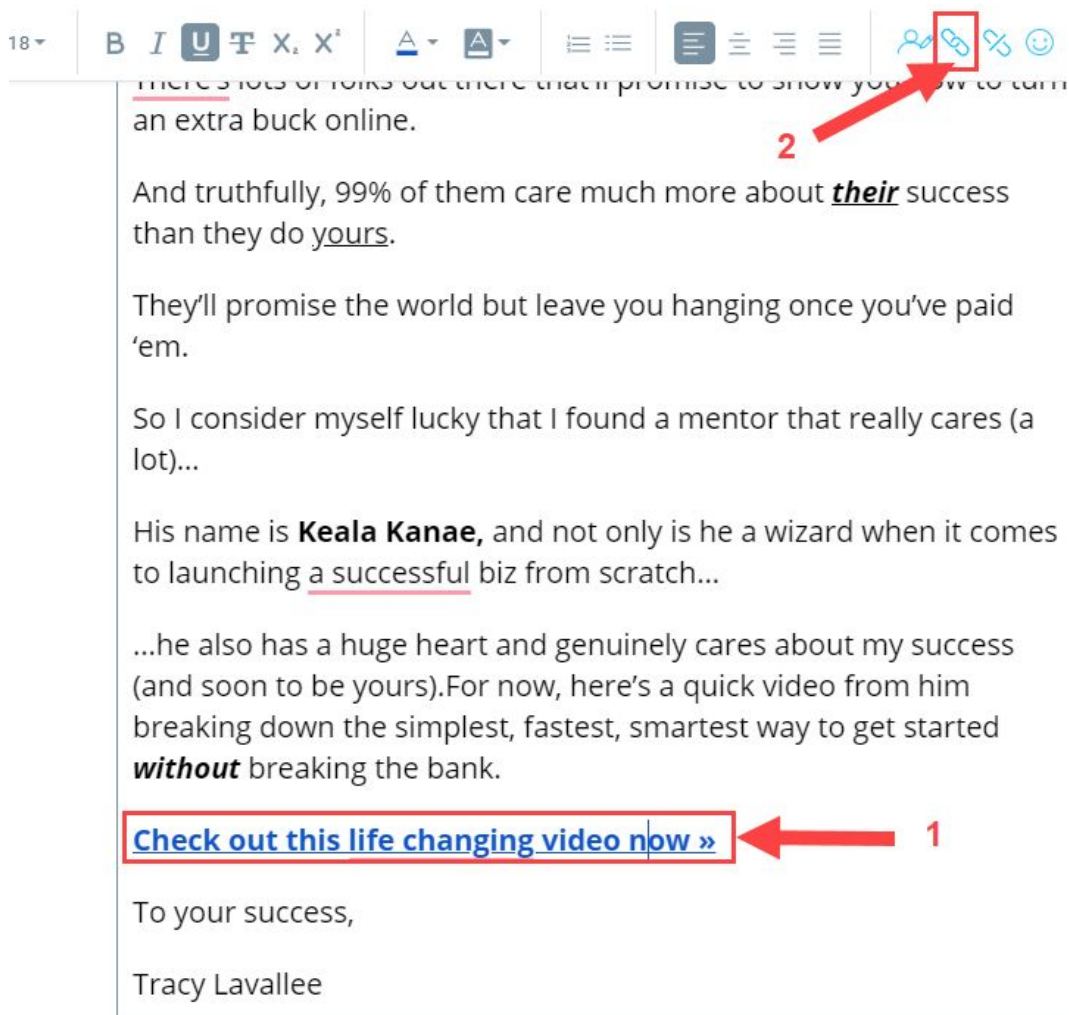

- j. In the text block, copy the body of the Day 0 email and paste it in.

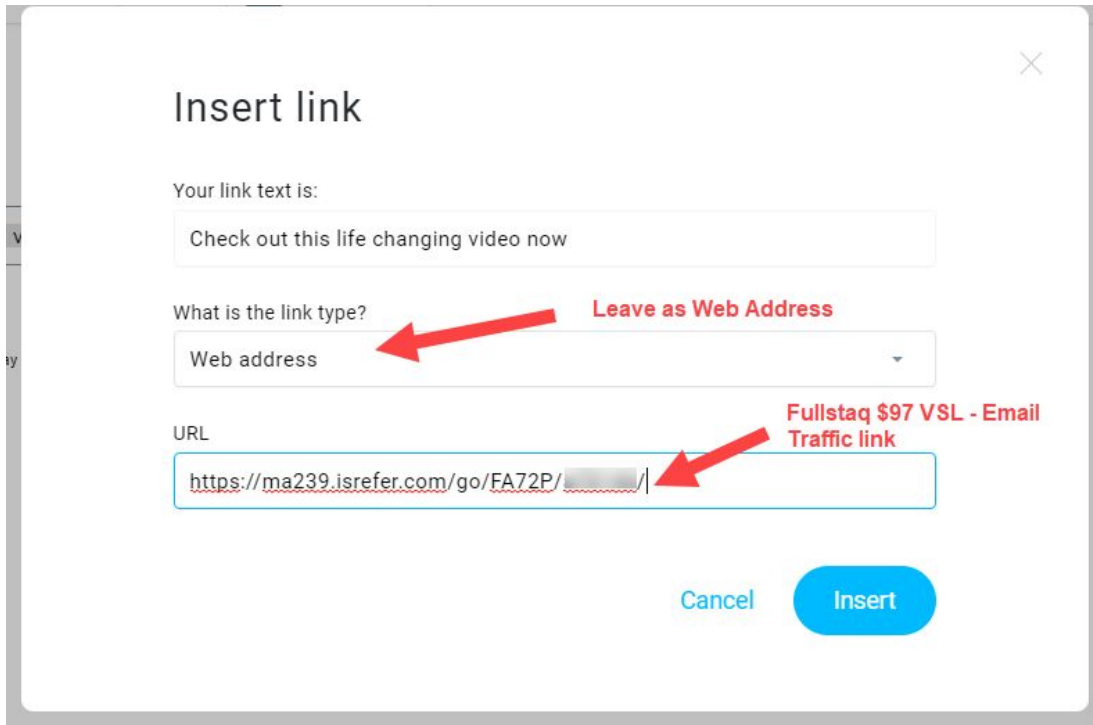

- k. Replace “**NAME**” near the top and at the bottom of the message with your name.

- I. Hyperlink your **(FA72P)Fullstaq \$97 VSL - Email Traffic** affiliate link in the designated blue text.
 - i. Highlight the blue text.
 - ii. Click on the little chain link (“**insert link**”) at the top of the editor.

- m. On the pop-up,
 - i. Leave the link type as Web address
 - ii. Paste your **(FA72P) Fullstaq \$97 VSL - Email Traffic** affiliate link in the URL section. Click the blue “**Insert**”.

The screenshot shows a modal window titled "Insert link" with a close button (X) in the top right corner. It contains three input fields: "Your link text is:" with the text "Check out this life changing video now"; "What is the link type?" with a dropdown menu set to "Web address"; and "URL" with the text "https://ma239.isrefer.com/go/FA72P/". A red arrow points from the text "Leave as Web Address" to the "Web address" dropdown. Another red arrow points from the text "Fullstaq \$97 VSL - Email Traffic link" to the URL field. At the bottom right are "Cancel" and "Insert" buttons.

https://ma239.isrefer.com/go/FA72P/

Cancel Insert

Leave as Web Address

Fullstaq \$97 VSL - Email Traffic link

- n. Click on the blue **"Next"** button at the top far right of the screen.

The screenshot shows a top navigation bar with three items: "Test and preview" with a dropdown arrow, "Save and ex", and a blue "Next" button. A red arrow points from the left towards the "Next" button, which is also enclosed in a red rectangular box. Below the navigation bar are tabs for "Layout" and "Message style", and a "Sections" section with a dropdown arrow. A "Basic blocks" section is visible below that.

- o. Finally, click on the blue “**Save and publish**” button and you’re done with the first email!

3. **Repeat the steps in Section 2 (Creating Autoresponder emails) for every email in the Email Swipe file (7 more).**

Here are some IMPORTANT tips to remember.

- After pasting the email title into the proper field, make sure that the “**Linked list**” field is set to the list you created for this funnel
- Make sure that the “**On Day fields**” and the “**Email Title**” fields match so that emails are going out in the right sequence (see section 2, action d above)
- Be sure to change the **[YOUR NAME HERE]** field to your actual name in the email editor (see section 2, action k above)

- d. Be sure edit the hyperlinked text to include your **(FA72P) Fullstaq \$97 VSL - Email Traffic affiliate link** (see Step 2, action m above)
